

NOTICE TO WESTERN BANK OF WOLF POINT CUSTOMERS

All chip-enabled debit cards have been delivered!!

This is just a friendly reminder to activate your Western Bank of Wolf Point chip-enabled debit card as soon as you receive it and destroy your old card. If you did not receive your chip-enabled card, please let us know immediately. Also, if you have any questions regarding the above, please call us at 406-653-5500.

Your chip-enabled card has been upgraded with state-of-the-art security technology to help reduce the risk of fraudsters targeting your confidential information.

You can rest assured that:

- Your card number remains the same.
- There is no fee for the chip technology upgrade.
- Easy-to-follow activation instructions are included with your new chip-enabled card.
- Your old card will be deactivated once the new chip-enabled card is activated.
- Your personalized PIN remains the same.

Using Your New Chip-Enabled Card Is Easy

You can start using your card immediately at any chip-enabled payment terminal. Simply insert or "dip" your card and follow the prompts.

If the merchant doesn't have a chip-enabled terminal, or you're making an online purchase, just use your chip card as you would a regular debit card. ***Also, if you make automatic payments with your card, please make sure businesses have your current card information.***

We hope you enjoy the features of your new Western Bank of Wolf Point chip-enabled card and the added security it gives you. We'll continue to work to bring the latest security technology and services to help protect your personal account information.

As always, we appreciate the opportunity to serve all your financial needs. If you have any additional questions, please contact us at 406-653-5500 or info@westernbankwp.com.
